TOWN WARRANT.

State of New Hampshire

To the Inhabitants of the town of Hinsdale
Qualified to vote in Town Affairs.

You are hereby notified to meet at the Town Hall on Tuesday, the eighth day of March, 1921 at nine of the clock in the forenoon, to act on the following subjects:.

Article 1. To choose a Town Clerk for the ensuing year.

Article 2. To see if the town will vote to accept and adopt the report of the Selectmen, Auditors and other town officers.

Article 3. To choose three Selectmen, one to serve three years, one to serve two years, one to serve one year.

Article 4. To choose all other necessary town officers and agents for the ensuing year.

Article 5. To see how much money the town will vote to raise and appropriate for the payment of ordinary town charges, for the support of the poor, for the maintenance of the fire department, for lighting the streets, and for all other necessary expenses arising within the town

Article 6. To see if the town will vote to raise and appropriate the sum of forty-five hundred dollars (\$4500) for state aid maintenance, and the sum of twenty-five hundred (\$2500) for trunk line maintenance, or act in any manner thereon.

Article 7. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1000) for the purpose of continuing the hardening of the Plain Road.

Article 8. To see if the town will vote to raise and appropriate a sufficient sum of money to put the Ox Bow Road, so called in a passable condition.

Article 9. That the town raise and appropriate the sum of thirty-three hundred dollars to be used with the previous sum of seventeen hundred dollars, already appropriated, said money or such part as may be necessary, to be used to

purchase the Baptist Church property, so called, said property to be a memorial to the soldiers of Hinsdale or act thereon.

Article 10. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1000) to repair the highway from the H N. Barrett residence to the town line on the Chesterfield road or act in any manner thereon. 100

Article 11. To see if the town will vote to raise and appropriate a sufficient amount of money to construct a sidewalk from High St. up the hill and over Highland Ave. to the corner of Spring St. 50

Article 12. To see if the town will vote to raise and appropriate the sum of one hundred and fifty dollars [\$150] to repair sidewalk and driveway in front of residence of M. S. Leach 15

Article 13. To see if the town will vote to raise and appropriate a sufficient sum of money to repair the gutters on the Town Hall. *No money raised*

Article 14. To see if the town will vote to purchase a chemical fire apparatus and raise and appropriate money for the same. *Committee to raise*

to report next town meeting.

Article 15. To see if the town will vote to authorize and empower the Selectmen to borrow on the credit of the town a sum of money not to exceed twenty thousand dollars (\$20,000) to pay its share of the expense of the Brattleboro bridge or act in any manner thereon.

Article 16. To see if the town will vote to raise and appropriate a sufficient sum of money to place and maintain a street light near the residence of Walter Stetson or act in any manner thereon.

Article 17. To see if the town will vote to raise and appropriate a sufficient sum of money to place and maintain a street light near the Veber Place, so called, on Chesterfield Road.

Article 18. To see what action the town will take in regard to caring for the water which flows through the Prospect St. culvert.

Article 19. To see if the town will vote to support a nurse in said town.

Article 20. To see whether the voters of the town prefer a Red Cross nurse or a District nurse.

Article 21. To see if the town will vote to raise and appropriate the sum of one thousand dollars (\$1000) for the support of a district nurse association.

Article 22. To see if the town will vote to appropriate the sum of one thousand dollars [\$1000] to aid the American Red Cross to support and maintain a nurse in said town during the ensuing year. *\$1000.*

Article 23. To bring in your ballots upon each of the questions submitted by the Convention to Revise the Constitution relative to the amendments proposed by said Convention at a session held on January 28, 1921.

Article 24. To transact any other business that may properly come before said meeting.

Given under our hands and seal in said Hinsdale, this twenty-first day of February, A.D. 1921.

February 12, 1921.

WALTER L. TODD,
CLARENCE D. FAY,
JOHN M. LAMB,

Library Report

The following report of the Hinsdale Public Library and Reading Room for the year ending Feb. 1st, 1921, is hereby submitted:

Total circulation for the year,	15,321
Adult fiction,	8,700
Adult non-fiction,	788
Juvenile fiction,	3,435
Juvenile non-fiction,	703
Magazines,	1,695
Largest monthly circulation, January,	1,557
Smallest circulation, September,	994
Largest daily circulation, February 14,	148
Average circulation,	50
Percentage of fiction,	79
Volumes added,	207
Fiction,	142
Non-fiction,	65
Reading room attendance,	6,026
Largest daily,	44
Average,	19

The library has been open and used continuously throughout the year.

The circulation has been larger than that of last year, and the attendance in the reading room has been substantially increased by children and young people.

This fact emphasizes the need of more commodious quarters for the reading room.

The special line of work undertaken by the library has been in connection with the educational interests of the town, thus emphasizing that line of modern library work—co-operation with the schools.

In order to facilitate this endeavor, a meeting was held in the library under the auspices of the Librarian and Trustees, at which a member of the Board of Education and eleven teachers were present. Miss Pratt, librarian of the Brattleboro Public Library, gave a talk on "The work of the library in the teaching of English."

Collections of books have been sent to two of the rural schools, books purchased for use in the grades, and the Domestic Arts course constantly supplied with material for its work.

Classes from the seventh and eighth grades and the High School have come to the library for instruction in the use of a library, special attention being given to its works of reference.

Besides the new books purchased, more than one hundred worn books have been rebound and twenty-nine volumes of the *Granite Monthly* and *St. Nicholas* have been bound.

The following periodicals are to be found in the reading room: American, A. L. A. Book list, American Boy, American City, Atlantic, Boston Herald, Brattleboro Daily Reformer, Century, Country Life, Current Opinion, Dearborn Independent, Delineator, Everybody's, Good Housekeeping, Granite Monthly, Harpers, House Beautiful, Ladies' Home Journal, Life, Literary Digest, Little Folks, National Geographic Magazine, New Hampshire Sentinel, New York Herald, Open Road, Outlook, Public Libraries, Popular Mechanics, Review of Reviews, Saint Nicholas,

Scribners, Scientific American, Springfield Republican, Survey, Vermont Phoenix, World's Work, Woman's Home Companion, Youth's Companion.

FREDERICK S. LEONARD,
L. JEANETTE DAVIS,
M. ELIZABETH FISHER,

Library Committee.

ELLEN L. BROWN,

Librarian.

The petty cash in the hands of the librarian is as follows:

Balance on hand Feb. 1, 1920,	\$97.22	
Received for fines, old magazines, papers, etc.,	67.94	
	<hr/>	\$165.16
Expended for supplies and expenses,	\$80.87	
Balance on hand Feb. 1, 1921,	84.29	
	<hr/>	\$65.16
Unexpended funds consisting of:		
Hooker fund,		
Int. on Althea Stearnes fund,		
Int. on Abbott H. Jones fund,		\$425.97

REPORT OF ENGINEERS

The Board of Engineers submit the following report.

The Department is in good working condition.

We recommend the installing of an electric fire alarm.

Six general alarms have been sounded during the year.

March 15, N. O. Maynard's house, loss between \$200 and \$300.

June 5, Hinsdale Paper Manufacturing Co., no loss.

June 11, Tobacco shed, no loss.

July 1, Mrs. Charles Polley's house, no loss.

Dec. 23, Perrington Cream Pot Hill. False alarm.

Dec. 25, Rex Higgins, chimney fire, no loss.

Respectfully submitted

CLARENCE D. FAY,

Chief.

H. J. Delphy, First Assistant.

J. P. McCaughern, Second Assistant.

Richard Howe, Third Assistant.

Frank J. Young, Fourth Assistant.

TREASURER'S REPORT

Yearly salary, 50 firemen,	\$528.00
Extra time,	123.70
	<hr/>
	\$651.70
By order of Town Treasurer,	651.70

Respectfully submitted,

J. P. McCaughern.

Audited, Jan. 24, 1921.

JOHN E. SCOTT, Town Auditor.

State of New Hampshire

To the Inhabitants of the School District of the town of Hinsdale, Qualified to vote in District Affairs.

You are hereby notified to meet at the Town Hall in said District on Saturday the twelfth day of March, 1920, at three o'clock in the afternoon to act on the following subjects:

Article 1. To choose a moderator for the ensuing year.

Article 2. To choose a clerk for the ensuing year.

Article 3. To choose a treasurer for the ensuing year.

Article 4. To choose a member of the Board of Education for the ensuing three years.

Article 5. To hear the reports of agents, auditors, or officers heretofore choosen, and pass any vote in relation thereto.

Article 6. To see how much money the district will vote to raise and appropriate for the support of the schools for the ensuing year, in addition to the amount required by law.

\$ 11, 416.50

Article 7. To see if the District will vote to instruct the Board of Education to borrow and appropriate the sum of \$4,000 to pay the balance due on installing the toilets and water system in the Depot Street and High School Buildings as recommended by the Building Committee or act in any manner thereon.

Article 8. To see what action the District will take in regard to refunding the District School Notes, or act in any manner thereon.

Article 9. To transact any other business that may properly come before said meeting.

Given under our hands and seal, in said Hinsdale, this the seventeenth day of February, A. D. 1920.

HEADMASTER'S REPORT.

To the Superintendent and Board of Education of Hinsdale, N. H.:

Again has come the pleasure of writing a favorable report of good conditions and of progress. The superintendent, board of education, building committee, janitor, and the people of Hinsdale have been mainly responsible for the good conditions, and we humbly trust that the teachers and pupils have been mainly responsible for the progress.

Probably good fortune and good salaries have both worked to keep together all but one of the faculty of last year.

The teachers for the present school year are as follows:

H. H. Rice, A. B., Boston, University; A. M., Eastern College, Va.

Miss Margaret Yerrinton; A. B., Tufts College.

Miss Josephine Keany, A. B., Boston University.

Miss Priscilla Colby, graduate of Framingham Normal School.

Earl A. Braman, graduate of Troy Conference Academy, Rochester School of Music, and Leach School of Music, New York.

Miss Collette Powers resigned to accept a position in Natick, Mass.; but, with her usual goodwill toward her work, she recommended an able and valuable successor, Miss Josephine Keany.

Miss Margaret Yerrinton and Miss Priscilla Colby are doing the work pertaining to their departments conscientiously, energetically, and successfully.

State deputy commissioners have visited the high school and have expressed to us their pleasure to find the school in wholly approvable condition, and with buildings and equipment of the best in the state for a town of the size of Hinsdale.

With the completion of the sanitary system, which was doubtless the one thing needful after the building of the annex, the town has provided a thoroughly well-equipped school building. Now that it is done, probably nobody would have it otherwise.

There is little to suggest now in the way of improvement. We need a playground near enough to be available on school days, but that does not seem a possibility. We need a gymnasium; but, as there seems to be no good place in the school building for that, we shall have to do without it for a time. Our supply of apparatus is not sufficient to accommodate the large classes in physics and chemistry that we have from year to year; but, by working in groups, the required experimental work, as prescribed by the state programme for high schools, is being done. The manual training department promises to help in making apparatus as needed, and in these ways we can work out the required exercises until the cost of apparatus has become more reasonable.

The high school still enjoys its organizations which are productive of both pleasure and profit, and tend to increase school spirit and the enjoyment of school life.

Our curriculum is practically the same as last year and not the least difficulty was found in securing its approval by the state. Also the certificate of approval from the commissioner of education is on file with us.

Eleven were graduated from the high school in June, 1920. Of these several are pursuing courses in other educational institutions and some are teaching.

Mildred Carey is attending the University of Vermont. Marian Dickerman and Dorothy Gary are attending Keene Normal school. Mildred Booth entered Keene Normal school, but left on account of ill health. Mildred Spragut is teaching and expects later to enter Keene Normal school. Margaret Coll is also teaching. Helena Splaine is attending the Bay Path Business Institute at Springfield, Mass. Helen Kimball is attending St. Mary's School for Girls, Concord, N. H.

Last year the junior class gave a play which was well appreciated and repeated on request at Winchester and West Chesterfield. The girls' chorus also gave an operetta which was favorably received. This year another play is in preparation by the same class, now seniors.

We may see from these statements that the school is functioning and attempting, with a good degree of success, to meet the needs of the community.

The town should, and probably does, appreciate the efficient work of the board of education. Few towns, and none that I have ever found, have such a group of thoroughly effective and able school officials.

Also the people as a whole are actively interested in their schools. The well-attended meetings of the Parent-Teacher Association are in evidence of this.

I take pleasure, therefore, in thanking and congratulating all concerned on the excellent conditions which prevail.

Respectfully submitted,

H. HERBERT RICE,

Headmaster.

To the Superintendent and Board of Education, Hinsdale, N. H.:

The beginning of the domestic arts work in the 5th grade is hand sewing. The method is to teach to sew by really sewing on something which is to be used by the girl herself. The projects are bags, needlebooks, aprons, and towels. Some simple fancy stitches, as blanket stitch, are taught also. In the next year sewing is continued, but machine stitching is introduced, and each girl makes underclothes which she cuts herself, using a commercial pattern, and trims with crocheting or tatting. Mending is a part of the work of this year.

With the 7th grade cooking is begun. The aim is to begin simple meat serving as soon as possible. Last year the girls served four inexpensive dinners, which they prepared themselves. Stress is laid on housekeeping as well. In the 8th grade the cooking begins in the fall with the canning of fruits and vegetables and the making of jams and jellies. Two dollars were realized last year from the sale of canned goods, and enough tomatoes (which were given to the class) were canned to be used in class work through the year. The meal serving is continued and a greater number of dinners are served than in the previous year. More difficult things are attempted, such as doughnuts and pastry. Each girl learns to make yeast bread.

The work in the high school is elective under the do-

mestic arts course, which is planned to give a scientific as well as a wider practical knowledge of all the duties of a homekeeper. The girl, by this time, should have a practical knowledge of cooking and sewing, but both are brought in as a review in each of the four years.

The freshman course, household appliances, is the study of the use and care of the equipment of the home, *i. e.*, kitchen range, sewing machine, etc.

A course in home nursing and physiology is given in the sophomore year. The girls are taught the measures to be taken for relief in the common sicknesses that occur in the household. They learn by actually doing the things which add to the comfort of the patient, such as the making of the bed, lifting, feeding, and massaging of the patient. The work in child nursing was made more practical by the bathing of a baby who was borrowed for the occasion.

Last year the junior class was combined with the sophomore. This year all the classes are separate; but, owing to the change in the course as approved by the state board, the work this year for the juniors is household appliances and household organization.

The work in household organization which is given this year in the first half of the senior year and in the junior year consists in the study of the history and foundation of the institution known as the home: how to build one which shall be sanitary, attractive, convenient, as well as

moderate priced, and how to decorate and equip it for efficient living. The last half of the senior year is given to the study of the finance of the home by the division of the income to provide the best expenditure under the necessary headings of food, shelter, clothing, savings, and higher life. Actual problems are worked out, prices obtained from local stores, and expenses kept.

The new annex provides a splendid room for the work—cheerful, light, and clean—one of which the town may well be proud. The equipment is being added to each year.

Respectfully submitted,

PRISCILLA T. COLBY.

To the Board of Education and Citizens of Hinsdale, N. H.:

I have the honor to submit my third annual report and the eleventh in this series of reports.

There were 1,075 pupils registered in Union No. 25 the past year, of which Hinsdale numbered 319. The state average of attendance was 92 per cent. Hinsdale's average was 93 per cent and led the union.

"Happy is that nation whose annals are brief." I am glad this report can be brief, for it registers a year rapidly approaching normalcy in school work. The excitement of war distracted attention from fundamental subjects, but the reports of teachers and supervisory tests show we are rapidly approaching grade worthy of normal times, and the general school work deserves praise for its excellence.

In commenting on the improvements for last year I stated that when sanitariums were installed Hinsdale would have modern equipped buildings. You have responded far beyond my highest expectation and today both the high school and Bridge street buildings are equipped with modern conveniences and drinking fountains on every floor. This has cost much money; but to erect a new, modern building at present prices would be a far more expensive task. You have provided your children with attractive and healthful living conditions, and if you could see how these improvements are appreciated by teachers and pupils you would consider the expense more than justified.

The Parent-Teacher Association has opened the new year with a good program and merits hearty support. Mrs. M. Elizabeth Fisher is the president.

The changes in the teaching force are as follows: Miss Collette Powers resigned during the summer and Miss

Josephine A. Keany has efficiently filled the position of languages. Miss Vesta Knight was secured for the 5th and 6th grades, and a slight reorganization was made in grades 1 and 2. All of Grade 1 are sent to the high school building, where Miss Nina Wellington succeeded Miss Maud Dickerman. She has, however, 55 pupils enrolled and it was necessary to put this grade on part time basis. In order that the majority may complete the grade work, an assistant, on recommendation of your superintendent, was given Miss Wellington. Miss Margaret Coll was elected by the board to this position. The second grade forms an ideal school of 30 under Miss Mary Mann in the Bridge street building. We are interested to know if this change meets the approval of the parents. From an administrative standpoint it is a marked success. It was voted to close the Chestnut Hill school; but transportation was not available and we secured a local teacher, Miss Mildred Pike, and thus have been able to maintain this school. Miss Edme Lavassuer was transferred to the Monument school and Miss Grace L. Smith was secured for the Plain school. The shortage of teachers, especially for rural positions, is still acute, and we are fortunate to have all schools running with a full complement of teachers. Mr. Barker of the Keene Normal has charge of the manual training and is giving a most satisfactory course. Mr. Earl Brayman of Brattleboro, Vt., has created a new interest in the study of music in our school system. The work of the public school nurse in our schools is to be highly commended. Through co-operation with medical inspection and follow-up work, the children of Hinsdale are getting the best of care.

Thus far my report has been one of progress, but there is one adjustment I recommend be made at the annual school meeting. The grade teachers signed early last spring at \$720 and have loyally held to their contracts. Owing to recommendations to school boards from the state department and the great demand for experienced teachers, it was necessary to pay grade teachers of all other towns in the union \$800. This is below the scale which state aided towns are allowed to pay and much below the real value of these teachers in the open market. I recommend that increase of salary be granted the teachers of grades 1, 2, 3 and 4, that they may receive the minimum salary of \$800 for this school year. This means \$320 added to your budget.

I wish to express my appreciation of the work of the committee in charge of improvements during the summer and their efficient solution of many difficult problems; and also my obligation to the Board of Education for regular board meetings, for the time and thought they put into school affairs, and their splendid support of the cause of education.

Respectfully submitted,

GEORGE O. SMITH.

BUILDING COMMITTEE REPORT.

To the Citizens of Hinsdale:

Your committee in charge of the installation of a modern toilet system in both the high and grammar school buildings, beg to submit the following report:

When it was voted at a special meeting held last May to carry out this work, we are perfectly frank in saying that we do not believe many of the townspeople realized the difficulties that would be encountered in obtaining the large amount of water necessary for the proper operation of these toilets.

The committee of investigation made their report at the May meeting, stating an estimated amount of money which, from the best information they were able to obtain, would be necessary to complete the work. Very soon after the work was started, however, we realized that it was going to be an expensive proposition to obtain the necessary amount of water. We conferred with the Board of Education and, in view of the strong recommendations made by the state officials which, it was believed, would very soon come in the form of an order, there seemed nothing else to do except go ahead with the work, which we did, and we believe that Hinsdale now has in its high and grammar school buildings the very best of drinking water, lavatory

and toilet facilities. The Board of Education decided that this was the opportune time to equip the buildings with drinking fountains and lavatories in the halls, and it was therefore necessary to secure the best spring water to be had for drinking purposes. Both buildings are now equipped with drinking fountain and lavatory on each floor.

We endeavored to have plans and specifications prepared to cover the entire installation; but, owing to the conditions in both buildings, this was out of the question. It was, therefore, necessary to go ahead without any definite plans, and put the toilet rooms in the best available places.

At the high school building it was decided to use one corner of the basement, and at the grammar school building the basement was the only place possible, owing to a lack of room on either the ground or second floor. Anyone familiar with conditions in these basements, particularly the grammar school building, before any changes were made, will appreciate what there was to contend with there.

The water supply at the high school building is being taken from two springs, one of which is located on the school grounds, the other was purchased of George Parker, and there is also a pipe line connected with the hydrant main on Brattleboro road.

The drinking water supply for the grammar school building is taken from a new well on Depot street, near the coal sheds. This well is located on land owned by the

Boston & Maine Railroad, but the railroad people were perfectly willing to give the town permission to locate the well on their land. Water for the toilets in this building is now being taken from the river; but it is thought advisable, at some future time, to run a pipe line from the hydrant main on Depot street to the storage tank in the basement of this building, as the river water seems to be very dirty and causes some trouble with the pumping arrangement.

We have been over the costs of obtaining water for both buildings, together with the necessary equipment for handling it, and we are making a conservative statement when we say that the town would have saved at least \$6,000 on this work if there had been a public water supply, and we believe the citizens of Hinsdale fully agree that a water system in town is very badly needed.

As has been the case in nearly all lines of work during the past year where an estimate has been made, the actual cost of doing this work was very much more than was anticipated, and we were unable to complete this work except by exceeding the appropriation by a large amount. There was an appropriation made of \$6,000 for doing the work, while the actual cost totals \$9,963.79; but, as you are aware, there is a considerable amount of extra work included in the way of drinking fountains, lavatories and necessary repairs, especially in the grammar school building.

The plumbing work in the high school building was handled by H. W. Taylor, local hardware dealer. O. B. Peirce of Winchester was given the plumbing work in the grammar school building. The carpentry and cement work in both buildings was done by E. P. Bailey, local contractor, while the electric wiring was handled by E. J. Weed, local electrical contractor.

The cost of completing this work is as follows:

E. P. Bailey, labor and material,	\$4,321.63
H. W. Taylor, labor and material,	2,787.51
O. B. Peirce, labor and material,	2,360.58
E. J. Weed, labor and material,	144.07
George Parker, well, and land on which it is located,	350.00
	<hr/>
	\$9,963.79

HAROLD S. GARFIELD,
WM. E. WATSON,

The Committee.

REPORT OF HEALTH OFFICER

The health conditions of the town for the past year have been very satisfactory as far as contagious and infectious diseases are concerned, as only three cases of measles have been reported for the year. No other reportable diseases have been reported, which is very gratifying.

I wish to urge the people to keep their homes in as sanitary condition as possible, and to also see that water for household purposes is pure.

This can be done by having the water analyzed at the state laboratory at Concord with no other expense than the payment of express charges on the container both ways.

Let us as good citizens try and keep our town as clean in all ways as possible.

Financial

Mar. 27, Expenses to Concord,	\$21.70

Respectfully submitted.

W. G. BOOTH,

Health Officer.

HINSDALE BRANCH No. 1 AMERICAN RED CROSS

April 26, 1917, the Hinsdale Branch of the A. R. C. was organized. Successful war work was done up to the ending of the war, the reports of which have been previously published.

Aug. 7, 1918—Home Service and Civilian Relief department was formed and proved a great advantage to the townspeople. During the influenza epidemic and emergencies since we have paid out for nurses,

		\$166.28

ANNIE W. WHITE,

Treasurer.

Feb. 12, 1921.

With the ending of the world war many Red Cross branches were closed and funds on hand turned over to the Red Cross headquarters. But as the Hinsdale branch had about \$2,100 on hand it seemed advisable to use the money for the benefit of the townspeople. Consequently, Miss Elsie M. Snook, R. N., was secured as Public Health Nurse and took up her duties Feb. 12th, 1920.

Three classes in Hygiene and Home Care of the Sick were formed for a three months course. Thirty-five pupils were enrolled and twelve received certificates.

In April Miss Snook was appointed School Nurse by the Board of Education, assisting the Medical Inspector and following up with the parents cases that needed attention. Forty-seven cases of adenoids and defective tonsils, eighty-seven cases of defective teeth, twenty cases of defective

eyesight were found among the pupils. Glasses were procured for eight children, these being paid for by Junior Red Cross.

Several cases of impetigo have been excluded from the schools, thereby saving us an epidemic of this highly infectious disease.

Entire expense of school work being paid for by the Red Cross, including medical and surgical supplies, dressings, transportation of pupils and nurse to oculist.

Seven hundred and seventy-one bed-side visits and fifty-six infant welfare visits have been made with most satisfactory results. One hundred and sixty-three surgical dressings have been done at the Red Cross room. Modern health crusade has been established in the schools, both town and district.

Miss Snook may be found at Red Cross room from 9 a.m. till 5-p.m. unless out on call.

In closing we would like to say just a word in regard to "Red Tape" in calling Miss Snook. If you are a member of the Metropolitan Life Insurance, and need the services of the nurse, report to Mr. Ernest Adams, their representative, and he will call the nurse for you. In the schools, cases are reported by the teachers. In the home, simply ask your physician to send the nurse. This is all the "Red Tape" necessary.

Respectfully submitted,
Hinsdale Branch of the American Red Cross,
ELLEN C. KIMBALL,
Chairman.

Vital Statistics

To the Selectmen:—In compliance with Public Statutes, Chapter 43, Section 4, requiring clerks of towns to furnish a transcript of the record of births, marriages, and deaths, for publication in the annual report, I hereby submit the following:

BIRTHS REGISTERED IN THE TOWN OF HINSDALE, N. H., FOR THE YEAR ENDING DECEMBER 31, 1920.
